Stand out and tell your story

Colours:

Gloss Midnight Blue; Gloss Steel

Key features:

Introducing PureDisplay technology and full HDR capabilities with ZEISS imaging

- Stand out all screen design; with a crisp Full HD+ 5.84” display, 19:9 screen ratio with notch; and an immersive and bigger experience without the bigger handset.
- Design meets engineering excellence, offering signature product quality and using techniques found in jewellery and high-end timepieces. The dual-anodised diamond cut coloured edges further accentuate the detail and refined looks.
- Take your viewing to another level with incredible HDR videos for higher contrast and great clarity.
- Experience enhanced colours, improved contrast, and expanded dynamic range across all your content thanks to SD to HDR real-time conversion.
- Whether outdoors in bright sunlight or in a dimly lit room, the display will automatically adapt to the situation for the best possible experience.
- Automatically adjusts your display brightness and contrast to ambient lighting conditions; so you can still see your content in bright sunshine.
- HDR10 support; 1 million: 1 dynamic contrast ratio; 500-million pixels processed per second providing smooth and accurate HDR video.
- Highly sensitive dual rear cameras with ZEISS Optics and fast accurate autofocus give great shots in all conditions.
- Make your memories stand out with both front and rear cameras “Live Bokeh” mode.
- AI enhanced front facing camera introduce facial recognition to deploy animated 3D personas/masks and filters. One touch live stream your #bothies in real time to Facebook & YouTube direct from your camera app.
- 50% of your battery back in 30 mins thanks to USB-type C fast charging[1].
